

# The ITSA Annual Membership Meeting

Presents

THE  
2<sup>nd</sup>  
Annual

## ADVANCED COATINGS SYMPOSIUM — “OIL AND GAS”

**October 9 – 11, 2018**  
**The Woodlands, TX**

Join the International Thermal Spray Association  
in conjunction with the American Welding Society for the  
2<sup>nd</sup> Annual Advanced Coatings Symposium — “*Oil and Gas*”.

Covering the latest technology in:

- Advanced Thermal Spray Coatings
- Tungsten Carbide-Based Overlays
- Diffused Coating Technology
- Innovative Materials and Processes
- And Much More.

### Keynote Speaker

**Krutibas Panda** is currently a Technical Advisor with Halliburton –Sperry Drilling Services located in Houston. He has been serving his current job for the past 9 years and in the present capacity he oversees Sperry Drilling's Materials needs. Prior to joining Halliburton, he spent about 5 years with Sandvik Mining and Construction (USA) and a brief stint with Tata Motors (India) as a Materials Engineer. He is an executive member of ASM International and a member of NACE International.

Krutibas Panda is the author and contributing author of more than 20 technical papers, research publications, and patents. His publications have appeared in leading materials journals like *Acta Materialia*, *Computational Materials Science*, *Metallurgical and Materials Transactions* & *Journal of Materials*. He received his Master of Science degree as well as his Ph.D. degree in Metallurgical Engineering from the University of Utah.

Network with industry leaders as they deliver the latest  
coatings research related to oil and gas.
